98TH CONGRESS CONGRESSIONAL VOTING RECORD

This voting record has been compiled by the American Association of University Women to inform AAUW members of positions taken by members of the 98th Congress on the Association's legislative priorities. The issues included in the <u>Voting Record</u> were selected from the AAUW "Legislative Program and Resolutions" adopted by the Association Convention in 1983. The AAUW <u>Voting Record</u> is a convenient vehicle for making sure that legislators are voting consistently with the Association's legislative priorities. It provides the voted position of each member of Congress on a variety of issues and a percentage rating showing the degree of support each legislator has demonstrated for AAUW positions.

AAUW selected 11 Senate votes and 11 House votes for inclusion in the <u>Voting Record</u> because of their relevance to the Association Legislative Program. In each case, a description of the bill or amendment in question is given along with the final action taken by Congress. The AAUW position is also indicated. The <u>Record</u> lists each member of Congress (by state) and his or her vote on each item. A vote in accordance with the AAUW position is a <u>RIGHT</u> (R) vote. A vote not in accordance with the AAUW position is a <u>WRONG</u> (W) vote. This voting record can be used as a reference to check your Representative's and <u>Senators'</u> positions simply and quickly.

The AAUW <u>Voting Record</u> is a valuable educational tool to make politicians and AAUW members aware of the Association's stand on national public policy issues. The information on how members of Congress voted on AAUW priority issues can also be used to make politicians more conscious of those issues important to many other women's organizations. Publicizing the <u>Voting Record</u> among AAUW members across the country will help create a public consensus on these important issues. Politicians, in turn, will become better informed and more responsive to our concerns.

U.S. SENATE

VOTE DESCRIPTIONS

- 1. Nuclear Freeze (Debt Limit Increase, FY 84).* As passed by the Senate, this amendment, sponsored by Sen. Robert Dole (R-KA), tabled Sen. Edward Kennedy's (D-MA) amendment which called for a mutual and verifiable freeze on, and reduction in, nuclear weapons. The freeze concept is opposed by the current administration. This amendment was passed 58-40 on October 31, 1983. AAUW supports a verifiable nuclear weapons freeze by all nations, and opposed the Dole amendment. A vote in favor was a WRONG vote.
- 2. Tuition Tax Credits. As passed by the Senate, this amendment, sponsored by Sen. David Boren (D-OK), tabled the amendment sponsored by Sen. Robert Dole (R-KA) which provided tax credit for tuition payments to private elementary and secondary schools. The Dole amendment called for a tax credit of 50 percent of the tuition paid to a private school up to a maximum of \$300 a year. The Boren amendment was passed 59-38 on November 16, 1983. AAUW supported the Boren amendment based on the Association's opposition to tuition tax credits. A vote in favor was a RIGHT vote.
- 3. Clinch River Breeder Reactor (Supplemental Appropriations, FY 84). Sponsored by Sen. Gordon Humphrey (R-NH), this motion tabled the Senate Appropriations Committee amendment that allocated an additional \$1.5 billion to complete the Clinch River Breeder Reactor in Tennessee. The Humphrey motion passed in the Senate 56-40 on October 26, 1983. AAUW's encouragement of the wise use of natural and energy resources lent Association support for the Humphrey motion. A vote in favor was a RIGHT vote.

^{*} Following the title of each vote in this <u>Voting Record</u> is the title (in parentheses) of the legislation containing the amendment or motion described.

- 4. U.N. Funding (State Department Authorizations). As passed by the Senate, this amendment cut U.S. contributions to the United Nations and affiliated organizations by \$500 million over the next four years. The amendment, sponsored by Sen. Nancy Kassebaum (R-KA), was passed 66-23 on September 22, 1983. AAUW opposed the Kassebaum amendment based on the Association's support for the U.N. and its affiliated organizations. A vote in favor was a WRONG vote.
- 5. MX Missile (Defense Authorizations, FY 84). Sponsored by Sen. Gary Hart (D-CO), this amendment would have barred the use of funds for the procurement of the MX missile. The current administration strongly supports the procurement of the MX missile and opposed the Hart amendment. The Hart amendment was rejected 41-58 on July 26, 1983. AAUW supported the Hart amendment based on the Association's opposition to the land-based MX missile. A vote in favor was a RIGHT vote.
- 6. Human Life Federalism Amendment. This constitutional amendment, sponsored by Sen. Orrin Hatch (R-UT) and Sen. Thomas Eagleton (D-MO), would have overturned the 1973 Supreme Court decision, Roe v. Wade, which legalized abortion. The amendment to the Constitution was rejected 49-50 on June 28, 1983. AAUW opposed this constitutional amendment based on the Association's support of freedom of reproductive choice. A vote in favor was a WRONG vote.
- 7. Higher Military Spending (First Budget Resolution, FY 84). Sponsored by Sen. Sam Nunn (D-GA) and Sen. Henry Jackson (D-WA), this amendment would have provided a 6.5 percent real increase in defense spending for FY 84 but was rejected in a 48-48 tie on May 10, 1983. The Association supports a reduction of the military budget with measures that require the Department of Defense to meet the same standards of efficiency and accountability expected of other Federal agencies; therefore, AAUW opposed the Nunn-Jackson amendment. A vote in favor was a WRONG vote.
- 8. First Budget Resolution, FY 84. This amendment, sponsored by Sen. Jesse Helms (R-NC), called for a 5 percent reduction in spending totals for all Federal budget functions except Social Security, Defense, and interest on the national debt. The Helms amendment was rejected 45-55 on May 19, 1983. The Association's opposition to further reductions in social programs for women and minorities led AAUW to oppose the Helms amendment. A vote in favor was a WRONG vote.
- 9. Emergency Jobs (Supplemental Appropriations, FY 84). As passed by the Senate, this bill added \$16.3 billion to the FY 83 Federal budget, including \$5.2 billion for an emergency jobs and recession relief program. The \$5.2 billion prevented 21 states and the District of Columbia from running out of money to pay for unemployment benefits. The bill passed 82-16 on March 17, 1983. AAUW's support of this bill was based on the Association's support of human needs programs. A vote in favor was a RIGHT vote.
- 10. Education Spending (First Budget Resolution, FY 84). This motion, sponsored by Sen. Pete Domenici (R-NM), would have tabled an amendment by Sen. Ernest Hollings (D-SC) calling for an increase in funding for education by \$1.5 billion in FY 84. The Domenici motion was rejected 46-48 on May 5, 1983. Because of the Association's strong support for equitable forward funding of public education at all levels, AAUW opposed the Domenici amendment. A vote in favor was a WRONG vote.
- 11. Social Security Act Amendment. This amendment was sponsored by Sen. Bill Bradley (D-NJ) and would have provided a new disability retirement benefit beginning in the year 2000 for individuals age 62 and older who are unable to delay full retirement until age 66 due to work disability. The Bradley amendment was defeated 30-61 on March 21, 1983. AAUW's support of the Bradley amendment was based on the Association's support for revision in Social Security (including Disability Insurance), favor was a RIGHT vote.

U.S. HOUSE OF REPRESENTATIVES

VOTE DESCRIPTIONS

- 1. Title IX (Guidelines for Equal Opportunity in Education).* This motion, made by Rep. Paul Simon (D-IL), called for a suspension of rules to pass the joint resolution on educational equity introduced by Rep. Claudine Schneider (R-RI). Rep. Schneider's resolution, expressing the sentiments of Congress, called for the broad interpretation of Title IX of the Education Amendments of 1972, which prohibits sex discrimination in educational institutions. The Simon motion was passed 414-8 on November 16, 1983. A two-thirds majority of those present and voting (281 in this case) is required for passage under suspension of the rules. AAUW's support of both the Simon motion and the Schneider resolution was rooted in the Association's strong support of Title IX and measures that guarantee educational equity for women. A vote in favor was a RIGHT vote.
- 2. First Concurrent Budget Resolution, FY 84. This vote adopted the First Concurrent Budget Resolution that set spending and revenue targets for the fiscal year ending September 30, 1984. The budget included a \$33 billion addition to the President's request for FY 84 domestic spending, and lowered the defense spending growth rate from the President's requested 10 percent to 4 percent. The budget restored many of the social and human services programs that were significantly cut in the FY 82 and FY 83 budgets. The Budget Resolution was adopted 229-196 on March 23, 1983. AAUW's support of this Budget Resolution was based on its support of funding of human needs and reducing the military budget with measures that require the Department of Defense to meet the same standards of efficiency and accountability expected of other Federal agencies. A vote in favor was a RIGHT vote.
- 3. Civil Rights Commission (State, Justice, Commerce Appropriations, FY 84). Rep. Neal Smith (D-IA) introduced this motion, which requested the House to recede from its disagreement and accept a Senate amendment providing \$11.89 million for the U.S. Civil Rights Commission. The Smith motion would have administration. This vote followed the President's dismissal of three commissioners "without cause" and their replacement by appointees who held political views closer to those of his administration. The Smith motion was rejected 170-235 on November 9, 1983. AAUW opposed this amendment based on the Association's opposition to the current administration's efforts to make the Commission a partisan
- 4. Emergency Mathematics and Science Education Act of 1984. This bill, offered by the House Education and Labor and the Science and Technology Committees, authorized \$325 million in FY 84 to improve mathematics and science education in U.S. schools and \$100 million to promote a national policy for training engineering, scientific, and technical personnel. The bill included language encouraging the full participation of females and minorities in mathematics and science educational programs and programs that promote computer literacy and competence in mathematics and science with special emphasis on those programs that encourage the full participation of females in these fields. A vote in favor was a RIGHT vote.
- 5. Emergency Jobs (Emergency Supplemental Appropriations, FY 83). This legislation provided for adoption of the rule to allow for House floor consideration of the bill to appropriate \$4.9 billion for an emergency public works and humanitarian relief program to create jobs and \$5 billion for the unemployment insurance system in FY 83. The rule was adopted 300-103 on March 3, 1983. AAUW supported adoption of this rule based on the Association's support for funding for human needs programs. A vote in favor was a RIGHT vote.
- 6. MX Missile (Defense Department Appropriations, FY 84). This amendment, sponsored by Rep. Joseph Addabbo (D-NY) would have eliminated the entire \$2.2 billion designated for the procurement of the first 21 MX missiles. The current dministration opposed the Addabbo amendment. The amendment was defeated 208-217 on November 1, 1983. AAUW's support of this amendment was based on its opposition to the land-based MX missile. A vote in favor was a RIGHT vote.
- 7. Equal Rights Amendment. This motion was made by House Speaker Thomas P. O'Neill, Jr. (D-MA) to suspend the rules and pass the Equal Rights Amendment. A two-thirds majority of those present and voting is required for passage under the suspension of the rules. The motion was rejected 278-147 on November 15, 1983. Passage and ratification of ERA is the Association's highest legislative priority, and AAUW gave full support to this motion. A vote in favor was a RIGHT vote.
- 8. Abortion (Labor, Health and Human Services, Education Appropriations, FY 84). Rep. Silvio Conte (R-MA) sponsored this amendment to prohibit the use of any Federal funds for abortions, regardless of the mother's health. Between 1977 and 1983 this appropriations bill had legislated that Medicaid funds could be used for abortion when the mother's life is in danger. The Conte amendment was adopted 231-184 on September 22, 1983. AAUW believes that poor women should not be denied access to

freedom of reproductive choice, and thus the Association opposed this amendment. A vote in favor was a WRONG vote.

- Clinch River Breeder Reactor (Department of Energy Civilian Research and Development Programs). amendment, sponsored by the Science and Technology Committee, rescinded authorization of FY 84 funding for the continuation of the Clinch River Breeder Reactor project in Tennessee. The amendment was adopted 388-1 on May 12, 1983. AAUW's support of this amendment was based on the Association's commitment to wise use of natural and energy resources. A vote in favor was a RIGHT vote.
- 10. Social Security Act Amendment. This amendment, sponsored by Rep. J. J. Pickle (D-TX), designated cuts in Social Security benefits by raising the Social Security retirement age from 65 to 67 after the year 2000. Although an individual would still be eligible to take early retirement at age 62, benefits would be reduced from the current 80 percent of full benefits to 70 percent. The Pickle amendment was adopted 228-202 on March 9, 1983. AAUW's opposition to this amendment was based on the Association's opposition to increasing the Social Security retirement age. A vote in favor was a WRONG vote.
- Nuclear Freeze. This amendment, sponsored by Rep. Stephen Solarz (D-NY), would have provided that it be a goal of U.S. arms control policy that nuclear arms reductions be achieved "as soon as possible" after the achievement of a mutual, verifiable nuclear weapons freeze. The Solarz amendment differed from an amendment sponsored by Rep. Elliott Levitas (D-GA) calling for arms reductions to be achieved "within a specified time period" following the achievement of a nuclear freeze. Under the Levitas amendment, if this criterion were not met, the freeze would be suspended. The Solarz amendment was defeated 210-214 on May 4, 1983. The Association supports a verifiable nuclear weapons freeze by all nations and supported the Solarz amendment. A vote in favor was a RIGHT vote.
